DUES

Voluntary Neighborhood Association Dues of $25 can be paid using this QR code or by cash/check.

Join Us at The Standard June 19

Old Silk Stocking's first "Third Thursday at The Standard" was reasonably well attended, so we are doing it again this month: Thursday, June 19, from 5 to 6:30 p.m.

The Standard is a casual restaurant, located at 315 E. Gray, on the south end of our neighborhood. Its owner, Cameron Brewer, welcomes our neighbors with a 10% discount on food and drink. The Standard's Trivia Night starts at 7 p.m., so anyone interested can stay for that fun.

Identify yourself as part of Old Silk Stocking on June 19 to get the 10% discount.

Plant Exchange Another Big Success

Old Silk Stocking's Second Annual Plant Exchange in Ruth Updegraff Park had a great turnout and so many lovely plants.

We especially liked the fact that neighbors showed us photos of the now-thriving plants they got at last year's event.

We'll do it again next year!

Traffic Study Underway

At the request of Old Silk Stocking neighbors who live on/near Crawford and Jones streets, our Neighborhood Association has been working with City of Norman's Traffic Engineers to explore ways to slow traffic on those streets.

The first step was to get signatures of four neighbors on each of those streets, so the City could do an evaluation of how fast the traffic traveled. Apparently, too fast! Both streets were deemed eligible for the City's Neighborhood Traffic Management and Calming Program.

Now, the City will begin traffic "Pre-Calming" measures, which do not involve the use of physical controls or impediments. For example, in the near future we'll be seeing temporary radar speed feedback trailers deployed on both Crawford and Jones.

Once the Pre-Calming step is complete, the City will review the collected data to determine if the measures were successful or if more self-enforcing types of traffic calming should be explored.

At that point, the neighbors will be engaged in a meeting to review the data and begin the discussion of whether permanent calming measures, such as traffic humps are desired. This can only happen in at least 60% of neighbors want these measures.

Ward 4 Quarterly Meeting

Our Ward 4 Council Person, Helen Grant, will hold a quarterly meeting from **9:30 to 11 a.m. this Saturday (June 7)** in the City of Norman Development Center, 225 N. Webster. (The former library building).

Helen will provide updates on topics of interest to Old Silk Stocking residents as well as answering questions.

If you want to send Helen a question in advance, email her at ward4@normanok.gov
